## BUDGET MESSAGE

Liquid assets available to pay regular on-going obligations and weather unforeseen events are critical to the success of any operation. Sufficient “cash flow” to fund operations is a fundamental measurement of any organization’s financial health. As shown by the table and graph below, the city has recovered its financial health as measured by the key indicator of current expense ending fund balance. As recently as March 31, 2012 the city had only \$10,499 in its ending fund balance. On September 30, 2015 the city had a current expense ending fund balance including Rainy Day and Contingency Funds of \$1,615,471.

	1st Quarter	2nd Quarter	3rd Quarter	4th Quarter
2011	307,902	596,988	281,089	396,389
2012	10,499	627,641	468,263	731,966
2013	658,615	1,367,399	979,344	1,155,192
2014	230,814	1,250,540	921,586	1,228,832
2015	1,399,732	1,922,605	1,615,471	

Decisions the City Council has made in the last two years to restructure operations and create strategic partnerships have brought the city back from the edge of financial breakdown. Over the last two years, the city has reduced the total number of employees by 30% from 60 in 2013 to 42 in 2015, capturing the resulting cost savings to stabilize city finances. Reductions below existing staff levels could compromise the city’s ability to maintain adequate levels of city services. The proposed 2016 budget funds existing staff levels in all departments. In fact, the budget funds an additional employee beginning in April to help address unmet needs in park maintenance.

The city dedicates scant revenues for park operations. Additional parking revenues are projected for the Ahtanum Youth Activities Park because of the expansion of Yakima Youth Soccer Association activities. The new park position is partially funded with projected parking revenue increases. However, sufficient resources to finance on-going park maintenance and new park capital projects will require additional dedicated revenues for our parks to be successful in the long-run.

The attached proposed budget fully funds reserves in all departments and adds additional reserves above 2015 levels to the city hall building fund and the park development fund. The budget provides sufficient resources for current operations, sets aside ample reserves for capital needs, and dedicates additional resources to our beloved parks.

## **2015 – 2016 UNION GAP STRATEGIC PLAN**

On September 9, 2002, the City Council by Resolution No. 452 adopted the city's mission statement, vision statement and 5-year goals. The city's mission statement provides:

“Through creative and responsive leadership we provide: Quality customer service, a responsible partnership with the community, a climate that promotes responsible growth, which will result in a City where people are proud to live, work, and play.”

The city's vision statement provides:

“A City that is characterized by community confidence in elected officials and City staff, that encourages community involvement through open communications and public/private partnerships. A City whose goal is to provide needed services and a community sense of wellbeing.”

The Council continues to endorse these mission and vision statements and also the broad goals of “Image”, “Facilities”, “Economic Development”, “Infrastructure”, “Service Efficiency”, and “Public Safety”. The Council recognizes that beyond these broad goals, the city needs to identify strategies for accomplishing these broad goals as well as action steps within those strategies to provide for the measurement of progress towards the adopted goals. The 2015-2016 Strategic Plan is an effort to provide clarity and focus to the accomplishment of city goals so that the City Council, staff, stakeholders, and residents can work collaboratively and effectively with common purpose towards common ends.

## **CITY OF UNION GAP, WASHINGTON RESERVE POLICIES**

Adequate reserve levels are a necessary component of the City's overall financial management strategy and key factor in measuring the City's financial strength.

- a. The City will maintain a City General Reserve Fund (002 – “Rainy Day Fund”) with a balance equal to five percent (5%) of the total General Fund budgeted revenues, excluding beginning fund balance. This reserve will sustain City operations in the event of a catastrophic event such as a natural disaster, terrorist attack, or a major downturn in the economy. Expenditures from this fund may be made only by the vote of one more than the majority of all members of the City Council.
- b. The City will maintain General Operating Reserves (beginning fund balance) at a level equal to at least eight percent (8%) of the total General Fund budgeted revenue, excluding beginning fund balance, to provide sufficient cash flow to meet financial needs.
- c. After funding the “Rainy Day Fund” and beginning fund balance the City will fund a Contingency Fund (109) at a level equal to two percent (2%) of the total General Fund budgeted revenue, excluding beginning fund balance. This reserve will finance unbudgeted expenditures.

# PROPERTY TAX

Property taxes shown graphically below are measured per \$1,000 assessed valuation. \$10.99 total property tax per \$1,000 is collected on property within the City. The City receives \$2.60 of the total \$10.99 per \$1,000 assessed valuation collected. A portion of the City of Union Gap is located in the Union Gap School District and a portion is located in the Yakima School District. This will vary slightly the amount of school property tax paid.

# SALES TAX

As graphically shown below, of the 8.1% of sales tax collected on sales within the City of Union Gap, the City receives .85%, the State receives 6.5%, and the County Receives .15%. The City also receives Transit and Criminal Justice funding through

**CITY OF UNION GAP**  
**EXPLANATION OF FUND ACCOUNTING**

**A. Reporting Entity**

The City of Union Gap was incorporated in 1883, and operates under the laws of the State of Washington applicable to a non-charter code city Council-Manager form of government. The City of Union Gap is a general-purpose government and provides public safety, street improvement, building safety, business licensing and regulation, transit, parks and recreation, and general administrative services. In addition, the City provides water, sewer, and garbage/recycling collection services.

**B. Basis Of Presentation - Fund Accounting**

The accounts of the City of Union Gap are organized on the basis of funds, each of which is considered a separate accounting entity. Each fund is accounted for with a separate set of single entry accounts that comprise its cash, investments, revenues and expenditures, and fund balance, as appropriate. The City's resources are allocated to and accounted for in individual funds depending on their intended purpose. The following are the fund types and account groups used by the City:

**GOVERNMENTAL FUND TYPES:**

Current Expense Fund (Fund No. 001)

This fund is the general operating fund of the City. It accounts for all financial resources and transactions except those that are required to be accounted for in another fund.

Special Revenue Funds (Funds in the 100 series)

These funds account for revenues derived from specific taxes, for grants, or other sources, which are designated to finance particular activities of the City.

Capital Project Fund Types (Funds in the 300 series)

These funds account for financial resources, which are designated for the acquisition or construction of general government capital improvements.

**PROPRIETARY FUND TYPES:**

Enterprise Funds (Funds in the 400 series)

These funds account for operations that provide goods or services to the general public and are supported primarily through user charges. Enterprise Funds are established to account for operations that are financed and operated in a manner similar to private business, where the intent is that costs of providing goods or services to customers on a continuing basis should be financed or recovered through user charges.

**FIDUCIARY FUND TYPES:**

Fiduciary funds account for assets held by the City of Union Gap in a trustee capacity or as an agent on behalf of others.

Expendable Trust Funds (Funds in the 621 - 630 Series)

These funds account for assets where both principal and interest may be spent.

Agency Funds (Funds in the 631 – 699 Series)

These funds are used to account for assets the City of Union Gap holds for others in an agency capacity.

**C. Basis Of Accounting**

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements.

Accounting records for the City of Union Gap are maintained in accordance with methods prescribed by the State Auditor under the authority of Washington State law, Chapter 43.09 RCW. The City uses the revenue and expenditure classifications contained in the Budgeting, Accounting and Reporting System (BARS) prescribed by the State Auditor.

In governmental and fiduciary funds, revenues are recognized only when received in cash and expenditures are recognized when paid, including those properly chargeable against the report year budget appropriations as required by state law. This is a departure from generally accepted accounting principles, which require revenue and expenditure recognition on the accrual basis of accounting (GAAP).

**D. Revenue Categories**

Revenues are arranged by fund, categorized in a basic account format. Following is a brief summary of those basic accounts:

308 BEGINNING NET CASH AND INVESTMENTS

This account includes the estimated and actual amounts of cash and investments available for appropriation at the beginning of the year.

310 TAXES

This account includes tax assessments levied for the support of the City. Including property taxes, sales and use taxes, franchise fees, business and occupation taxes, excise taxes and gambling taxes.

320 LICENSES AND PERMITS

This account includes revenues for charges for the issuance of licenses and permits. Including, but not limited to, proceeds from the issuance of business licenses, animal licenses, land use permits (and fees) and parking fees. Licenses and permit fees are designed to cover the cost of administration, inspection and continuing services in connection with regulation.

330 INTERGOVERNMENTAL REVENUE

This account includes revenues derived from Federal and State grants, State and Interlocal shared revenues, entitlements, and in-lieu taxes. Revenues collected in this account include motor vehicle fuel tax, liquor excise tax and liquor board profits.

340 CHARGES FOR GOODS AND SERVICES

This account includes fees and charges for professional or other services rendered. Included in this account are water and sewer collections, garbage collections, and late charges on utilities.

360 MISCELLANEOUS REVENUES

This account is used for all other resources collected, which are not otherwise provided for through the above referenced accounts. Included in this account are investment interest earnings and sales interest.

380/90 NON-REVENUES

This account is used for non-revenues such as investment sales and transfers between funds. This account is not recognized within the budget.
