Demolition Permit Process:

The work of demolishing a building or structure is subject to many variations of different hazards. The building code authorizes the Building Official to require the submission of plans and complete schedule of the demolition. For some multi-level buildings and for certain types of demolition operations, it may be necessary to temporarily close a public street, IBC Chapter 33.

WHEN IS A PERMIT REQUIRED?

All structures which have been designated to be demolished.

Any structure that required a permit to construct it.

Some structures may need a SEPA review and approval, in addition to compliance with this process.

Demolition Permit Application:

1. A completed Demo Permit application
2. Proof of Yakima Regional Clean Air Agency approval to demolish the structure.
3. A general Site Plan that includes the following:
 - a) Location(s) of structure(s) to be demolished.
 - b) Property lines
 - c) Tank/dispenser locations
 - d) Underground utilities
 - e) Street names
 - f) Identify all structures, tanks, conduit, pipe and other subsurface items such as; basement walls and floors, petroleum tanks, septic tanks, sewer/waste pipe, electrical underground conduit/wire, footings and foundation walls.

ADDITIONAL REQUIREMENTS:

Inspections are required to verify the area has been cleared of all construction debris, supportive equipment and other similar items. Progressive inspections shall be required as follows: 1) Site Cleanup; 2) Subterranean debris has been removed (this inspection must take place prior to any fill or cover), and 3) Type of fill material used.

Every abandoned building sewer, or part thereof, shall be plugged or capped in an approved manner within 5-feet of the property line. A plumbing permit must be obtained and an inspection scheduled with the Community Development office to confirm this has taken place.

NOTE: The construction of a building which required a SEPA prior to construction also requires a SEPA prior to its demolition. See Union Gap Municipal Code 2.52.120 for the list of Flexible Thresholds for Categorical Exemptions.

Demolition Permit Fee:

Demo of buildings with a floor area less than 10,000 sq. ft. - \$26.85 plus applicable state fees

Demo of buildings with a floor area greater than 10,000 sq. ft. - \$.03 per sq. ft. plus applicable state fees
